The Missisquoi River Basin Association is a non-profit active volunteer organization whose success depends upon the support of its members. We are dedicated to water quality improvement in the Missisquoi River, Bay and the tributaries within the Missisquoi watershed. As a member of MRBA, you can help in many ways (check as many areas as you'd like):

- Participate in stream bank restoration workdays (eg. tree planting)
- Help with river clean-up by canoe or kayak
- Take part in monthly planning meetings
- Participate in collecting water samples
- Borrow our watershed model for teaching and/or demonstration purposes
- Work on the Wild + Scenic Rivers study of the Upper Missisquoi and Trout Rivers
- Cost-share in a nutrient management program
- Bring "Bugworks" to your students
- Attend our annual public forum
- Read MRBA's newsletters
- I am not able to donate time or money now, but am a supporter of MRBA's initiatives.

We encourage you to express your support of our efforts to improve water quality by becoming a member of MRBA. There is no fee involved. Your membership shows our legislators that there is a strong constituency that is concerned about our watershed and is working to improve the situation.

Donations

While we do not charge a membership fee, we always welcome donations. Grants alone do not cover the cost of running our volunteer organization and we rely on donations to fill the gap. We appreciate your donation of any amount and enthusiastically welcome members who want to support us by volunteering their time!

A donation is not required to become a member.

I would like to make a donation.
